Aluminum Valve Covers

Mallory Marine's aluminum valve covers are precision die-cast for light weight and a perfect fit. Beautifully polished to a high luster, they are sure to enhance the appearance of any engine compartment. They feature an extended sealing lip to positively locate and secure the gasket and stop it from moving under pressure to eliminate oil leaks. The valve cover tops are a full .125" thick so they can be custom milled or engraved. These valve covers include a 1-1/4" diameter breather hole and are packaged two per set.
